To make these proposals all plain, and to compare them with the estimates of the Congressional printer, the Congressional Globe for the Thirty-seventh Congress, cost \$291,698, which, had the same amount of reporting, type-selling, printing paper and binding been furnished under the proposals of Rives & Baily, would have been \$359.654. The defence introduced Dr. John Davis, who, after an examination of plaintiff, testified that he was not subject to any permanent disability or injury which could be traced to the accident.

The Court charged that as the plaintiff was in the military service of the United States at the time, he would not be entitled to damages for loss of time, nor for medical services rendered necessary by the injury, and that if the jury found that he was permanently injured, then he could only recover for the pain suffered, or which he may suffer in future in consequence of the injury. The defence introduced Dr. John Dature in consequence of the injury.

The jury retired, and in a short time returned with a verdict in favor of plaintiff, assessing his damages at \$1,125.

Is composed of the pure juless (or, as they are medicinally of Roots, Herbs and preparation, highly and entirely free admixture of any kind. HUOFLAND'S GERMAN TONIC,

Those preferring Medicine free from Alcoholic admixture, will use Hoofland's German Bitters.

Those who have no objection to the com-ination of the Bitters, as stated, will use HOOFLAND'S GERMAN TONIC. They are both equally good, and contain the same medicinal virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.

HOOPLAND'S GERMAN TONIC

PHILADELIPHIA, PA.
Thirty-five years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited suffering humanity to a greater extent, than any other remedies known to the public.

These remedies will effectually cure Liver Complaint, Janudice, Dyspopsia, Chronic or Nervous bebility.

Chronic Diarrhes, Disease of the Kidses arising from a Stomach or Intex. DEBILITY.

BEBLITY.

Resulting from any Cause whatever; PROSTRATION OF THE SYSTEM, induced by Severe Labor, Hardships, Exposure, Fevers, &c.

There is no medicine extant equal to those remedies in such cases. A tone and vigor is imparted to the whole system; the appetite is strengthened, food is enjoyed, the stomach digests properly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is cradicated from the ever, a blood is given to the cheeks and the wear and nervous invalid becomes astrong and healthy being.

C. W. HALLAR. From Rev. Joseph H. Hennard, D. D.

Pastor of the Tenth Baptist Church, Phila.

Dr. Jackson—Dear Sir. I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out my appropriate sphere. I have in all cases declined, but with r io us instances, my own family, of Hoofand's Ger and particularly in the use of Dr. man Bitters, I depart for once from my usual course, expresse my full conviction that, for general debility of the system, and especially for Licer Complaint, it is a safe and valuable preparation. In some cases it may fall; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.

Yours, very respectfully,
J. H. KENNARD,
Eighth, below Coates St.
